

# CESA JOB SHADOW INITIATIVE 2025

A DAY IN THE LIFE OF A CONSULTING ENGINEER

SLS Engineering Solutions hosted a dynamic Job Shadowing Initiative on the 18 of July 2025, offering learners hands-on exposure to the field of structural engineering. The day included interactive presentations, a virtual site simulation, a practical building activity, and a quiz, fostering both learning and engagement.

The initiative successfully ignited learners' passion for engineering, aligning with CESA's goal to inspire future professionals.

Learners expressed newfound interest in engineering, citing inspiration from the program. Certificates and gifts were distributed to all participants.
