

What happens when you
bring together young,
curious minds and the
world of engineering?

Inspiring curious minds.
Building tomorrow's
engineers.

HATCH

Job Shadow Day 2026

A day of discovery, creativity and engineering fun! We welcomed Maths & Science learners from 20+ schools for a hands-on journey into the world of engineering.

From problem-solving and teamwork to building spaghetti & marshmallow towers, our young guests challenged their thinking, connected with engineers and discovered exciting career possibilities in Engineering, Projects and Construction Management.
